STAGES RALLY

SATURDAY 22nd APRIL 1995

ROAD BOOK

LEAGUE
Larkspeed
PERFORMANCE CENTRE...
1995

Welcome to the 1995 Everquip Stages Rally, we hope you have a good days motorsport.

We have supplied seven Stage Plans, we intend to use four of them, each Stage being run twice. The use of the loose tracks is very dependant on dry weather. The diagram to be used for each stage will be displayed on the official Notice Board, as will other stages as the day progresses. You will also be advised at the card collect control after each stage.

TIMING

As explained in the final instructions, time cards will be collected at the end of each stage ,here your due arrival time at the next stage ATC control will be entered on your next stage time card.

Note Two cars will book into the MTC or ATC control on the same minute, as on all stages cars will start at 30 second intervals.

LAP BOARDS

All lap boards will be preceded by a smaller warning board and then motor way type countdown markers at 200 and 100 yards. This will also apply at merge points.

CHICANES

Artificial chicanes established as per the diagrams, will be marked with advance warning signs and 2, 1 countdown markers. These chicanes will be marshalled and rebuilt after any damage, they will not get quicker !.

RESULTS

Results will be produced by Tynemouth computer services and displayed throughout the day ,please check your times regularly, if you have any queries please fill in a query form provided in this booklet, hand it in to the results crew and a answer will be displayed on the notice board.
