JOHN OVEREND MEMORIAL STAGES RALLY
1996

FINAL INSTRUCTIONS

Competition No.	Due Noise check	Due MTC1
29	07.13	09.45

Thank you for your entry, your individual details are as above. Please could you check your details on the entry list, if anything is missing or wrong, could you ring Gail on 01377 270888, it saves time on the day.

The gates will be open for entry to the showground between 06.30 hours and 08.30 hours. No access will be available before or after these times.

Please arrive at Manby Showground via the B1200 and enter at Map Reference 113/381869. Please do not attempt to enter at any other point.

From Louth follow the A157 signposted Mablethorpe until the roundabout, turn left onto the B1200 signposted Manby or follow the Louth bypass, Manby is signed from it.

Proceed to the service area shown on the diagram, unload trailers and go to the noise test. **Note** The noise test will be strict, as the Landowner will not tolerate noisy cars. A scrutineering and documentation progress sheet is included, **PLEASE** bring it with you.

After a successful noise test, go to scrutineering and then documentation.

Petrol is not available on the venue.

CJ RALLYING will be at Signing On, selling numbers, if you require anything else please give them a ring on 01780 65304

Catering Facilities will be available in the service area from 0730 Hrs

We are asked by the landowner that you note the following points;

You must stop at the entrance gate and follow marshals instructions, do not exceed 15 MPH to the service area, please be as quiet as possible before and after the event (Penalty Exclusion). Any litter should be placed in the litter bins provided.

We thank you for your co-operation.

RAC MSA Permit Number 44359 has been issued for the event

The RAC MSA Steward is Mr D. WALTON

PTO

AMENDMENTS TO ASR'S

Awards should have included 3rd O/A

The First North Humberside crew will receive the John Overend Memorial Trophy, this will be presented at the 1997 North Humberside Awards Presentation Dinner.

TIMING

As described in the ASR's, due time for MTC 1 will be written on your first time card, due time for subsequent arrival controls will be issued at the end of the previous stage (Card collect control). When the time card is handed in, the marshal will enter the due time at the next arrival control onto your next time card. Thus the order of starting the next stage will be the same as the finishing order of the previous stage. This will ensure that a competitor who has caught a slower car, will start the next stage in front of that car.

HEALTH AND SAFETY

Competitors are reminded that they are responsible for complying with Health and Safety regulations. Please be careful in the service area, especially with regard to refuelling. Once a fuel container has been used, it should be stored away on the service barge, out of harms way. **PLEASE STAY SAFE.**

NOTICE BOARD

The notice board will be located at signing On

Results will be made final at Manby Showground, not at the finish venue.

FINISH VENUE

The awards presentation will take place at THE KENWICK PARK HOTEL, a video of the rally will be shown, courtesy of Mad Video. The bar will be open, but no food will be available, although the hotels normal restaurant facilities will be available. To get to the Kenwick Park Hotel, follow the B1200 back towards Louth, at the Roundabout, go straight across up the hill, the hotel is on your left.

STAGE SURFACES

We have moved the event to June to try and avoid the rain (some hope) we there are hoping to use the loose tracks around the venue, but if it rains, only the tarmac will be used.

Finally once again thanks for your entry, and we hope you have a enjoyable , successful and most importantly a safe days motorsport.

EVERQUIP CALIBRATION SERVICES LTD

On site calibration of all your equipment for BS5750 purposes to national traceable standards. Health and Safety testing and certification.

Namas calibration. C.O.S.H.H.

Includes BS Certification of:

Torque wrenches
Inflation equipment
Pressure gauges and measuring equipment
Micrometers and vernier gauges
Lubrication meters
Exhaust gas analysers
Lift load testing
Jack and axlestands load tested
Calibration of all MOT equipment
Compressors
Welding equipment
Portable electric tools **and much more**

The logo for Everquip is written in a stylized, handwritten blue font. The letters are connected and have a casual, script-like appearance.
