Welcome from Scarborough Borough Council

As the Mayor of the Borough of Scarborough I am pleased to be able to welcome all the competitors, their families and friends to Whitby and on behalf of Scarborough Borough Council sincerely thank the organisers for bringing the event back to Whitby and staging the 2008 North Humberside Forest Rally in our spectacular North Yorkshire Forests.

It is a remarkable achievement that the North Humberside Motor Club attracts some 300 to 400 competitors and their vehicles together with some 1000 friends and family members as extra visitors to our town of Whitby. This proves, after some 25 years, just how popular this rally is to motor sport fans and I sincerely look forward to being able to view some of the day's events and meeting some of the competitors.

I am sure the rally will be a great success and I would like to take this opportunity of wishing you all a most enjoyable day in the Forest and hopefully an extended stay in our Whitby area and, whilst offering you all a warm and grateful welcome from the Borough Council, look forward to welcoming you again next year.

7. PROGRAMME

The programme of the meeting will be:

Scrutineering will take place in Whitby, starting at 3:00 p.m. on Friday 28th March 2008 and closing at 8:00 p.m. Individual times for scrutineering and the exact location of scrutineering will be notified in Final Instructions (GR H15). Any competitor not signed on by the end of documentation may be excluded. First car will start from the Captain Cook statue, West Cliff, Whitby at 9:01 a.m. and will finish at the Spa Pavilion, West Cliff, Whitby at approximately 3 p.m. Results will be declared at the Spa Pavilion, Whitby, where the awards presentation will also take place.

8. ROUTE

Cars will start at one minute intervals (GR H9.18) from the seeded list. A list of start times will be published. Ordnance Survey Map numbers 94, 100 and 101 (1:50,000 scale) will be required.

The event will contain about 6 special stages with a total mileage of approximately 43 stage miles. In addition, the road route will consist of approximately 100 road miles on classified and unclassified roads.

The special stages will be timed to an accuracy of less than one minute in accordance with GR H195.

The stages will take the form of forestry tracks. Stage and route information will be enclosed with Final Instructions.

The Official Notice Board will be located at Rally HQ at the Spa Pavilion, Whitby (GR H9.25).

9. CLASSES

The event will consist of 14 classes as follows:

RF1.0) Cars complying with the BTRDA[®]Rally First Technical Regulations up to and including 1000 cc including cars complying with the current Formula 1000 regulations.

RF1.4) Cars complying with the BTRDA[®] Rally First Technical Regulations over 1000 cc up to and including 1400 cc

1.4L) Cars up to and including 1400 cc with limited modifications. These include all current and former FIA Group N1 cars, cars that comply with a recognised 'One Make Challenge' technical specification (e.g. Ford Ka Challenge specification) plus cars conforming to the MSA Endurance Road Rally regulations that also comply with the MSA requirements for Stage Rallies.

1.4C) Cars up to and including 1400 cc with a maximum of 8 valves, plus cars up to and including 1000 cc. Class 1.4C cars must not be fitted with remote reservoir suspension.

1.4S) All other non-homologated cars up to and including 1400 cc and all current and former FIA Group A5 cars.

N3) Current and former FIA Group N cars over 1400 cc up to and including 2000 cc.

N4) Current and former FIA Group N cars over 2000 cc and FIA Super 2000 cars.

Classes N3 and N4 are open to any vehicle currently on the list of FIA homologated cars in Group N, or added to it during the period of the Championship, or formerly listed and still in compliance with their homologation papers.

B10) Over 1400 cc, up to and including 1600 cc

B11) Over 1600 cc, up to and including 2000 cc

B12) Over 2000 cc, two wheel drive

For forced induction engines (other than diesels) the engine capacities stated are after multiplying the actual capacity by the forced induction equivalency factor of 1.7 (GR C(b)10). Vehicles with turbo-chargers must comply with 2008 restrictor regulations.

All cars in classes H2 and H3 must comply with the appropriate requirements of MSA Regulations H283 to H312.

Cars will be seeded in two blocks with cars **up to and including 1400 cc** (i.e classes RF1.0, RF1.4, 1.4L, 1.4C, 1.4S and any up to 1400 cc cars in classes H2 and H3) leaving the start first. Within each block cars will be seeded in order of anticipated performance. **Cars in the first block will carry competition numbers beginning at 201 and cars in the second block will carry competition numbers beginning at 1.**

There will also be a Novice Crew Category, although all competitors will compete for the same class awards. Competitors will be deemed to be of "Expert Status", unless they indicate on their entry and awards eligibility forms their eligibility for the Novice Crew category. For the purpose of this rally, a novice will be defined as a crew of which the driver has not won an overall or class award on a previous NHMC Rally or any other National B or Restricted Status Rally whilst competing as a driver. Additionally, crews of which the driver has completed a National A (or National before 1993) or International Status Rally as a driver will be deemed to be Experts.

All vehicles must comply with MSA Technical Regulations. (GR C(b)7 to C(b)26, H262 to H282, C(c), C(e)9 to C(e)14)

All cars competing in this rally must be taxed and insured for the public highway and must display a current tax disc applicable to that vehicle. (GR H263)

11. ENTRIES (Fees and Methods of Payment)

The entry opens and closes in accordance with the Rally Timetable. The entry fee is £415.00 for entries received up to 12th March 2008 and £465 for entries received after 12th March 2008. **Entry fees are reduced by £50 for Rally First competitors (entries in classes RF1.0 and RF1.4). Entry fees are increased by £20 for entries in class WR1.**

The entry fee includes **either** one service pack **or** one management pack per competing car. If the free pack is

a service pack, a competitor may in addition buy **one** management pack for £20.00. Competitors who wish their free pack to be a management pack must indicate this on their entry form. Management packs (**maximum of one per competitor**) must be ordered before the closing date for entries.

The entry fee may be paid either in full or by instalments as detailed below. No entries will be reserved or accepted by telephone. Incomplete entry forms will not be accepted. Cheques, postal orders, etc must be made payable to 'North Humberside Forest Rally' and crossed. Post dated cheques and other like forms for deferring payment will not be accepted, except as detailed below.

Entries received after 12th March will not be seeded and will be allocated competition numbers after all entries received up to 12th March; they will start at an appropriate place in the starting order having regard to the drivers' past performance.

Methods of payment:

Scheme A

Payment in Full to accompany entry form.

Scheme B

Two Instalments:

One cheque for £50.00,

one cheque for the balance, post-dated for payment on or before 12th March 2008.

Both cheques to accompany entry form.

All entries must be made on the official entry form and accompanied by the appropriate fee or made using the on-line entry form on the event's website. All entries will be acknowledged and all cheques, etc banked. The Organisers reserve the right to refuse any entry. The Entrant, Driver and Co-Driver will be deemed jointly and severally liable for the payment of all fees. All cheques must be cleared before a competitor may start.

The entry fee is based on Forestry Commission Charges, MSA and DOE fees, Start and Finish Venue costs and VAT rates as at 15th January 2008. Should any of these be increased before the event, the Organisers reserve the right to increase the entry fee appropriately or reduce the competitive forestry mileage. Any such increase will be collected at signing-on but will be publicised in advance if possible (GR C(a)57(e)).

The order of starting will be at the Organisers' discretion, but to assist seeding, entrants should note their previous results on the entry form.

12. ENTRIES SECRETARY

All entries should be sent to the Entries Secretary whose address is detailed under 'List of Officials' on page 2.

13. ENTRIES (Acceptance)

The maximum entry for the meeting is 180 (plus 20 reserves).

The minimum entry for the meeting is 120.

The maximum entry for each class is left open.

The minimum for each class is 5.

Should any of the above minimum figures not be reached the Organisers reserve the right either to cancel the meeting, amalgamate classes, or to reduce the stage mileage (GR C(a)57(f)).

80 entries will be reserved for Silverstone Competition Tyres BTRDA[®] Rally Series registered contenders up to 18:00 on 8th March 2008; subject to this, written acceptance of entry will be sent on a first-come first-served basis to the first 150 entries received. Entries received after this will be acknowledged and held until after the ending of reservations for Silverstone Competition Tyres BTRDA[®] Rally Series contenders or until 12th March 2008. The organisers reserve the right to refuse an entry without giving a reason. **It is likely that the entry will fill up quickly and it is entirely up to the competitor to submit his completed entry in good time.**

The seeded list will be final and not subject to protest.

Entry Fees and other charges will be refunded in full to any entrant whose entry is not accepted or any entrant whose entry is **cancelled, in writing to the Entries Secretary**, on or before 12th March 2008. Entries cancelled in writing to the Entries Secretary between 12th March 2008 and 20th March 2008 will have a charge of up to £25 deducted (GR C(a)59(e)). Withdrawals and non starters who fail to comply with the above timetable may receive a partial refund at the Organisers' discretion.

Competitors are advised that information they provide will be stored in a computer retrieval system and may be used for organisational and publicity purposes.

14. OFFICIALS

Officials are listed on page 2 of these Supplementary Regulations.

15. RESULTS

Provisional results will be published as soon as possible following the end of the event, subject to Official Delays (GR A61(b)), and will be displayed on the Official Notice Board in Rally HQ. The results service is being provided by Tynemouth Computer Services.

16. PROTESTS

Any protest must be lodged in accordance with GR C(d)45 to 59.

17. SCRUTINEERING, DOCUMENTATION AND SIGNING ON (SEE ALSO SR7)

It is the responsibility of the entrants when presenting their cars for scrutiny to ensure compliance with the Road Traffic Act, Construction and Use Regulations, and MSA Technical Regulations. In addition to the above, the vehicles will be checked for general road-worthiness, suitability, eligibility and noise level. Persons accompanying vehicles at scrutineering will be deemed to have full knowledge of the vehicle and its eligibility for the event and class entered.

Competitors' attention is drawn to the regulations on overalls (GR C(c)77 to 86), crash helmets (GR C(c)87 to 100) and FIA homologated seat belts (H278).

Petrol will **NOT** be available at the scrutineering venue.

Competitors competing in classes N3 and N4 must carry BOTH Group A and Group N Homologation papers (as appropriate) for their car; these papers must be presented at scrutineering and at any other time during the event upon demand.

Competitors should note that specific checks will be made in respect of the following points:-

- a) An MSA Log Book (GR H146),
- b) A Current Taxation disc (GR H263),
- c) In the case of a vehicle over 3 years old a current MOT certificate (GR H263),
- d) A fire extinguisher system in compliance with GR C(c)52 to C(c)66,
- e) Roll over cage complying with GR C(c),
- f) Windscreen of laminated type (GR H280),
- g) An emergency red warning triangle (GR H279),

N.B. Vehicles bearing a cherished registration number or vehicles whose registration prefix letter could mean the vehicle is over 3 years of age should produce the Vehicle Registration Document and if necessary a current MOT certificate.

Competitors' attention is drawn to the MSA tyre regulations (GR C(e)9 to C(e)14).

The noise test will be carried out in accordance with GR C(b)23 (specifically C(b)24 Section C (100dba at 0.5 metres)). A further noise check or checks may be made during the course of the event. Competitors exceeding the noise limit at any of these checks may be refused permission to start, refused permission to continue or excluded, as appropriate (GR H14).

Competitors wishing to carry a video camera in the car must apply in writing to the Entries Secretaries for authorisation (C(b)26(e)). If authorised by the Clerk of the Course, a letter of authorisation will be issued which must be presented to the Chief Scrutineer who will inspect the camera fitting (H282).

Road Books will be posted to competitors (except for late entries) as described in the Rally Timetable. Time Cards will be issued at documentation. The supplementary information for special stages will take the form of tulip diagrams. The road book will provide all the information necessary to enable competitors to comply with GR H213 and GR H9.11.

Competitors may be required to make up lateness at rest halts.

Should any changes take place on special stages which may be at variance with the tulip diagram issued, then the correct route will be deemed to be that designated by the stage arrowing (GR H150). The onus is on the competitor to follow the stage arrowing correctly and no protests will be allowed on this point (GR H156).

18. CONTROLS AND TIMING

This is a Target Timing Event. Crews must present themselves with their cars at all controls. All clocks will be set to BBC time. Special stage timing will be by digital clocks operated by marshals under the control of the MSA Timekeeper. All stages will have a bogey time indicated in the road book. Competitors are reminded that they must be ready to start a special stage when required to do so by the start marshal.

It is the competitor's responsibility to ensure that his times are correctly recorded on his time card and that the time card is handed in when and where instructed (GR H159).

The Rally will be divided into Road Sections and Special Stages. All controls other than Passage Controls (PCs) will be Time Controls (TCs). Each Road Section will be allocated a Target Time based on approximately 28 mph average or less (the target average speed, which may differ for different Road Sections) and a competitor can calculate his Due Time of arrival at any TC by adding this Target Time to his actual time of departing from the preceding TC.

On Short Road Sections following a Special Stage, three or four minutes extra will be allowed over the time calculated from the target average speed to account for any delays at the Special Stage Finish.

Competitors will receive penalties and accumulate lateness on Road Sections as follows:

- | | | |
|------|--------------------|---|
| i) | Under Target Time. | Penalty: 1 minute per minute under target Time.
Additional Lateness: zero. |
| ii) | Target Time. | Penalty: zero.
Additional Lateness: zero. |
| iii) | Over Target Time. | Penalty: zero.
Additional Lateness: 1 minute per minute over Target Time. |

All Special Stages will have a Bogey Time set at 65 mph (or 75 mph if the stage is entirely on a sealed surface), and a Maximum Time set at approximately 30 mph (or less on short stages).

Competitors will receive penalties and accumulate lateness on Special Stages as follows:

- | | | |
|------|--------------------------------------|---|
| i) | Under Bogey Time. | Penalty: Bogey Time.
Additional Lateness: Zero. |
| ii) | Between Bogey Time and Maximum Time. | Penalty: Actual time taken.
Additional Lateness: Zero. |
| iii) | Over Maximum Time. | Penalty: Maximum Time.
Additional Lateness: 1 minute per minute over Maximum Time. |

Lateness lost on Road Sections and Special Stages is cumulative and once lost cannot be regained. When a competitor's accumulated lateness calculated from the previous Main Control exceeds the permitted maximum of 20 minutes, that competitor will be excluded. Should any recorded times not be legible or not appear authentic, the Organisers may use any means at their disposal to establish a time (GR H159).

At all controls (other than stage finishes) a competitor who is early may wait for his Due Time outside the Control Area (GR H188).

The following titles shall describe the various types of controls:

Time Control (TC)

A Time Control may be situated at any specified point.

Main Control (MC)

Main Controls will be situated at the Start and Finish of the Rally, immediately before and after any Rest Halt, or at any other specified point. At an MC after a Rest Halt, competitors will restart at one minute intervals, either in original start order, or in the order in which they passed through a control prior to the halt. The method to be used will be notified in an official instruction and, if the order of passing through a control prior to a halt is to be used, the control will be specified in an official instruction. Each competitor will be given a due starting time from any MC and the difference between this and the actual starting time will be counted towards exclusion for overall lateness. Also a time penalty will be applied. Competitors not excluded by reason of having accumulated more than the maximum permitted lateness will restart (subject to the provisions above) from any MC with zero lateness, i.e. lateness is only accumulated between two adjacent MCs.

At the last Main Control of the rally competitors are allowed to check in advance of their due time using the procedure in H193.

Regrouping Control (RC)

A Regrouping Control may be situated at any specified point. Competitors will restart from the RC at one minute intervals in the order of their arrival at the TC immediately preceding the RC. Each competitor will be given a due starting time from an RC and the difference between this time and his actual starting time will be counted towards exclusion for overall lateness. Accumulated lateness cannot be reduced at an RC (that is, accumulated lateness is NOT reset to zero at an RC).

Special Stage Arrival Control (SSA)

On arrival at an SSA a competitor will receive an arrival time. At the SSA a competitor will be given a provisional start time for the stage in hours and minutes, a minimum of 3 minutes after the arrival time. The competitor must then proceed immediately to the start line. Once a competitor has been allocated a provisional start time, the start marshal will assume the competitor is ready to start the stage. A maximum of 5 minutes will be allowed to change a flat tyre (GR H207).

Special Stage Start Control (SSS)

(GR H152) The starting signal for Special stages will be **either** a set of traffic lights driven automatically from the start clock **or** a flag.

For stages using a flag as the starting signal, the starting procedure will be: the start marshal will inform the competitor at 30 seconds to go, 15 seconds, 10 seconds and at 5 seconds will hold a flag ahead of the driver. He will raise the flag at zero. The raising of the flag will be the signal to start.

For stages using traffic lights, the starting procedure will be:

- there will be no verbal countdown,
- at 15 seconds before start time a red light will be shown,
- at 10 seconds before start time an amber light will be shown,
- at 5 seconds before start time, the red light will go off, and the 5 sectors of the amber light will turn off at 4, 3, 2, 1 seconds before start time,
- at the start time the final sector of the amber light will turn off and a green light will be shown.

The switching on of the green light will be the visual signal to start.

As each section is timed separately, the time taken from SSA to SSS is 'dead time' and delays are automatically allowed for. The area between the beginning of the SSA Control Area and the Stage Start will be '*Parc Ferme*'.

Special Stage Finish Control (SSF)

At the SSF the competitor will receive a finish time in hours, minutes and seconds. This time, in hours and minutes, will be the start time for the following Road Section. Any competitor who fails to stop at the 'Stop' line must not, under pain of exclusion, reverse to the stop line, but must return on foot (GR H150, H212(p)).

Service Area (SV)

All service areas will have 'IN' and 'OUT' Time Controls and a target time will be specified between these controls. The section between SV 'IN' and SV 'OUT' will be marked as a road section.

Passage Control (PC)

At certain points indicated in the Road Book the Organisers may establish PCs in order to collect time cards

19. IDENTIFICATION

Up to and including 1400 cc competitors will be identified by competition numbers starting at 201; **all other** competitors will be identified by competition numbers starting at 1. **Competitors must display their competition number in accordance with C(b)6 (H24) (i.e. “traditional” numbers)**. The Organisers **will issue** rally plates to be fixed to the front and rear of the vehicle. In addition, competitors must display any advertising material specified by the Organisers on both front doors of the car. Rally plates relating to previous events must be removed prior to scrutineering. Competitors are reminded that these identification markings must be kept clean and legible throughout the event and must be removed or covered after the event or upon retirement (GR H23).

20. SUMMARY OF PENALTIES

See GR H212 (Appendix 1, Chart 212) which is amended as follows:

- aa) Failure to follow the instructions of an official 10 minutes
- bb) Further breaches of b), c), d), e), k), l), m), or n) Exclusion
- cc) Repeated misbehaviour of service crew Exclusion
- ee) Misuse of SOS and/or OK boards Exclusion and report to MSA
- ff) Unauthorised testing or practising Start refused - no refund of entry fee - report to MSA
- gg) Causing an obstruction Exclusion

21. GENERAL REGULATIONS

All other General Regulations of the MSA apply as written except for the following which are modified:

- GR C(b)19 The MSA have issued a waiver on permitted fuel. Competitors are only permitted to use fuel
- GR H282 that conforms to the definitions of Pump Fuels in the 2008 MSA Yearbook or fuel that complies with FIA Appendix J, Article 252, Art 9. No other fuels are permitted. Competitors using FIA specification fuel are **not** required to display an orange disc. Competitors competing in championships other than the BTRDA® Rally Series and the MSA English Rally Championship are reminded that they should check that their championship permits FIA specification fuel before using it on this event.
- GR H22 Only the first named driver may drive during the event.
- GR H137 For the purposes of determining the notional time to be given to a crew who has not been able to cover a stage in the normal manner due to the running of a Special Stage being stopped, the two categories of vehicles in the rally will be treated as separate events.
The notional time for competitors up to and including 1400 cc will correspond to the slowest time set by an up to and including 1400 cc competitor, up to the moment of interruption.
The notional time for competitors over 1400 cc will correspond to the slowest time set by an over 1400 cc competitor, up to the moment of interruption.
If, in the case of either category, it appears that the slowest time represents a complete anomaly, the next slowest time may be retained (and so on until the 5th slowest time).
However, no crew which is totally or partially responsible for stopping a stage may benefit from this measure. If they finish the stage they will be given the time which they actually set even if this is greater than the time awarded to other crews.
- GR H155 Subjective Route Notes from Patterson Pacenotes are permitted on this event, see SR 23.
- GR H233 Servicing will only be permitted in accordance with SR24. No other servicing is allowed and Judges of Fact will be appointed to enforce this. To assist competitors, a service schedule will be issued with Final Instructions.

22. MEDICAL ASSISTANCE/SAFETY

All vehicles must carry an A4 size white board with a red SOS on one side and black OK on the other. Letters to a minimum of 12 cm high with a minimum stroke width of 1.5 cm.
In the case of an accident where urgent medical attention is required, where possible the red “SOS” board should be immediately displayed to the following cars and to any helicopter attempting to assist. Any crew which has the Red “SOS” board displayed to them or sees a car which has sustained a major accident where

both crew members are seen inside the car but are not displaying the red "SOS" board, shall **immediately and without exception stop** to render assistance.

All following cars shall also stop. The second car at the scene shall proceed to inform the next radio point. (The competitor's RalliTrak hand-held emergency radio should also be used to alert the stage safety services immediately.) Subsequent cars shall leave a clear route for emergency vehicles.

The Clerk of the Course, at his discretion, may award a notional time to any competitor(s) delayed by making such a report. Any crew which is able to but fails to comply with the rule will be reported to the Clerk of the Course who may impose penalties.

In the case of an accident where medical intervention is not required, the "OK" board must be clearly shown by a crew member to the following vehicles and to any helicopter attempting to assist. If the crew leave the vehicle, the "OK" board must be displayed so that it is clearly visible to other competitors. Any competitor seeing an OK board displayed must report the fact to the stage stop line marshals.

Each competing car must carry a reflective triangle which, in the event of the car stopping in a special stage, must be placed in a conspicuous position by a member of the crew at least 50 metres before the car's position, in order to warn following drivers. Any crews failing to comply may be subject to a penalty at the discretion of the Clerk of the Course. This triangle must be placed even if the stopped car is off the road.

Any crew retiring from a rally must report such retirement to the organisers as soon as possible, save in a case of force majeure. Any crew failing to comply will be subject to a penalty at the Clerk of the Course's discretion. Competitors who misuse the "SOS" or "OK" board will be penalised and may be reported to the MSA for further penalty.

23. PACE NOTES AND SUBJECTIVE ROUTE NOTES

Subjective Route Notes for this event will be available from Patterson Pacenotes (Brian and Liz Patterson). It is the competitor's responsibility to order and pay for their notes direct from Patterson Pacenotes as the event organisers will not be involved in this process in any way. Please see the Patterson Pacenotes advert in these Regulations for further details.

No other route notes are authorised for use on this event, and if found will be penalised in accordance with H155. This does not however preclude competitors from making notations thereon to suit their individual purposes or to transfer information provided by the organisers (e.g. logging and safety information) on to the notes. In all instances competitors are advised that the organisers accept no liability or responsibility for the use of the Subjective Route Notes.

Competitors may also use 1:50,000 or 1:25,000 Ordnance Survey maps on which they may mark the route, any information provided by the Organisers, or information from Patterson Pacenotes subjective route notes for this event.

Reconnaissance is not allowed. From the date of publication of these Regulations, where it is established that a competitor or entrant, their agent, representative or any other person or persons connected with a competitor or entrant has caused, arranged, directed, or carried out reconnaissance, or inspected or noted, in any form the sections within the area covered by maps listed in these Regulations before competitors have covered the stages, they will be **excluded from the results** or **refused permission to start**, as appropriate to the case. All such occurrences will be reported to the MSA (GR H17). The only exception to this Regulation will be for persons who live on, or whose employment causes them to travel along, a road used on the event.

24. SERVICING

1. Servicing is defined as work carried out on the car by any person other than the competing crew, or the use of parts or tools not carried in the competing car. Two categories of support vehicle will be permitted: Service Vehicles and Management Vehicles (SR24.4). Any person travelling in a Service Vehicle is 'Service Crew'; any person travelling in a Management Vehicle is 'Management Personnel'.
2. All servicing work carried out and the carrying of fuel in Service Vehicles must comply with current Health and Safety Executive recommendations. Groundsheets must be used in the Service Areas.

3. There will be Service Areas at strategic points where work may be carried out by the Service Crew or Management Personnel on the competing car. These will only be accessible to Competitors and Service/Management Vehicles bearing Official Plates.
No other areas may be used by Service Vehicles, which are required to follow a prescribed route to the Service Areas. All other areas will be Out of Bounds to Service Crews and vehicles. Service vans will be limited in size to transit type due to the limited space available.
4. Emergency Service will be permitted in designated areas at the end of some Special Stages, from Management Vehicles bearing the appropriate Management Plate. These plates may **only** be used on conventional saloon cars or their estate car/van derivatives, and, subject to approval by the Organisers, 4x4 off-road leisure vehicles and people carriers. **The use of 'Transit' type vans, panel vans, trailers and roof racks is not permitted.** These vehicles must follow the route specified by the Organisers in the Management Vehicle Pack, which will specify sections of the rally route which are Out of Bounds to Management Vehicles. Management packs will contain a copy of the Competitor's Road Book together with details of the management route defined by descriptive text and map extracts.
5. Competitors may work unassisted on their own cars in 'Non Service Areas' except:
 - i) within 100 metres of any control,
 - ii) between Special Stage Arrival and Special Stage Start controls, and
 - iii) in any *Parc Ferme*.
 The only activity permitted in these areas is, with the permission of an event Official, to carry out the following work unassisted:
 - (a) Replace a wheel with a flat tyre by a wheel and tyre carried in the competing car,
 - (b) Clean lamp glasses, windscreen, windows, competition numbers, and vehicle registration numbers.
6. Service Crews and Management Personnel are subject to the same regulations as competitors regarding noise, bad driving manners, etc. Officials and Marshals have been instructed to note any infringements of these rules.
7. Competitors are responsible for ensuring that their Service Crews and Management Personnel understand and comply with these regulations and that their Service vehicle(s) and Management Vehicle(s) bear an Official Plate showing the Competitor's Rally Number. This plate **must be fixed** to the front of each Service or Management Vehicle and must be clearly visible at all times. Each service/management pack will contain only one Official Plate. The Competitor will be required to complete a Service/Management Vehicle Registration Form before the pack is issued. Transferring a plate to a vehicle which has not been registered is an offence, and may be penalised under H233.
8. A competitor receiving assistance contrary to these SRs will be penalised in accordance with H212(n) or (o). Any Competitor whose Service or Management Vehicle is observed in an Out of Bounds area will be penalised by Exclusion from the results.

25. DAMAGE DECLARATION

Competitors will be required to complete and sign a report declaring they have not been involved in any incident resulting in damage to private property or injury to persons or animals, or alternatively giving details of any such incident where damage or injury has occurred. Any information given will not incur a penalty but failure to hand in a duly completed form will mean Exclusion. Competitors who retire on a stage should give their completed damage declaration form to the first Course Closing Car. Other competitors who do not report to the Finish are required to forward the report to the Secretary of the Meeting within 48 hours of the event, unless they have been involved in an incident in which case details must be given to the Organisers that same day. Competitors failing to comply will be reported to the MSA and excluded (GR H248 and H212(p)). During the event, the Organisers may be contacted at Rally HQ whose telephone number will be given in Final Instructions.

26. JUDGES OF FACT

Under GR B81 and GR H140 the following facts will be judged by officials as specified:

Failure to comply with GR H150	All officials & stage marshals
False starts on a stage	All stage start marshals
Unauthorised possession of pace notes	All officials & Judges of Fact named for that purpose
Unauthorised servicing	All officials & Judges of Fact named for that purpose
Unauthorised smoking	All officials & stage marshals
Excessive noise	Noise test marshals & Judges of Fact named for that purpose

Crash helmet, seat belt and overalls regulations	All officials & stage marshals
Misuse of SOS/OK cards	All officials & stage marshals
Depositing of litter	All officials & marshals

MSA Scrutineers are Judges of Fact in respect of Vehicle Eligibility (GR B81)

Your attention is drawn to the fact that it is the intention of the organisers strictly to enforce the MSA Requirements regarding noise (SR17). In particular, excessive noise and backfiring will be monitored very closely throughout the event. Judges of Fact and Driving Standards Observers will be appointed to report on sound levels. Excessive sound will include instantaneous occurrence of noise such as that produced by backfiring caused by anti-lag systems. The penalty for excessive sound may go as far as exclusion (GR H142). Competitors should pay particular heed to GR B62 to 69 and 78 to 82.

27. DRIVING STANDARDS OBSERVERS

Officials will be appointed to judge driving standards GR H141.

Driving Standards Observers will have the powers listed in GR H141 and they will have the power to instruct competitors to withdraw from the event (GR B83).

28. EVENT CANCELLATION

Should it be necessary to cancel the event due to legal requirements or other unforeseen circumstances, the exact amount of refund will be determined by the actual administration expenses incurred. The Organisers are not liable for any further consequential losses incurred by prospective competitors because of event cancellation (GR A68).

29. CANCELLATION OF STAGES

Should it be necessary to cancel a stage during the rally, or to delete a stage from the results of the event, only the stage penalties will be cancelled. Unless a competitor has received written instructions to the contrary and has signed to that effect, the cancelled stage must be traversed within the Stage Maximum Time. A competitor who exceeds the Stage Maximum Time on such a stage will have the excess time debited to his accumulated lateness. Any competitor who does not have a time recorded at the start or finish of a cancelled stage will be excluded (GR H212 (Appendix 1, Chart 212) (a)).

30. INSURANCE

The promoters have applied to Lockton Motor Sports Road Traffic Scheme (formerly Alexander Forbes) for a Blanket Cover Note under the above scheme. This will provide competitors who need to use the Scheme with Third Party Cover necessary to meet RTA requirements on the Road Sections of the Event.

The basic rate for the event (before any Loadings) will be **£26.00**.

New applicants wishing to use the Scheme must be able to comply with all points of the Lockton's Declaration:

- a) Over 21 and held a full licence for at least six months,
- b) No more than one fault accident in the last three years,
- c) No more than a maximum of six speeding points on licence,
- d) No physical or mental disabilities,
- e) No other material facts.

If able to comply with all points above - no Letter of Acceptance will be required, simply sign on the Signing-On Form for Insurance at Documentation.

If unable to comply with any of the points above you will be required to complete the Declaration Form available from the Entries Secretary. When complete it should be forwarded direct to Lockton prior to the event, to allow sufficient time for a Letter of Acceptance to be issued. Faxed copies are acceptable. (Address: Motor Sports Risk Services, Lockton Companies International Limited, Hanover House, 30-32 Charlotte Street, Manchester, M1 4FD Tel: 0161 242 8307 Fax: 0161 236 0995, mail: paul.buckle@uk.lockton.com)

Spaces have been left on the entry form for the Policy number, name and address of the vehicle's insurers for the period of the event, for those competitors not using Lockton Motor Sports Road Traffic Scheme.

These spaces must be completed if applicable.

It is the competitor's responsibility to determine the suitability of any insurance that they are proposing to use for the event with particular reference to current personal and vehicle details.

31. ADDITIONAL INFORMATION

- A) Service and management vehicles will not be permitted on live stages.
- B) In common with all Silverstone Competition Tyres BTRDA® Rally Series rounds, and as on this event since 2003, we shall be using the RalliTrak system of competitor tracking throughout the stages. RalliTrak uses a dedicated radio network operated by stage personnel who track each competitor through the Special Stages at approximately every 5 km. Each competitor will carry a RalliTrak 2-way radio, to be used in the event of accident or retirement. This radio, when operated, has an immediate link to the nearest operator who is in direct contact with the stage safety services. Full instructions for use of the RalliTrak radios, and penalties for mis-use, will be specified in Final Instructions or a Bulletin.
- C) Competitors looking for accommodation in and around Whitby may find these websites helpful: www.whitby-hoteliers-catering-association.co.uk, www.whitbytourism.com, www.whitbyonline.co.uk.
- D) **MARSHALS REWARD SCHEME**
In order to help generate support from marshals we are making provision for every marshal to receive a memento of the rally. We should very much appreciate your help in this important area, and we ask you to consider purchasing the "Smiley Stickers" either in advance (via the entry form) or on the day at documentation.
You will be given one sticker for every £5 donated and these should be fixed to the co-driver's side of the windscreen so that the marshals can thank you personally for your generosity.
- E) Writtle Photographic (Unit 13, Stanley Lane Industrial Estate, Bridgnorth, Shropshire, WV16 4SF, tel: 01746 767929, fax: 01746 762212, email sales@writtlephotographic.co.uk) will be attending the event as official photographer.
- F) Mad Video (Ian Maddison, PO Box 81, Keelby, Grimsby, DN37 5SN, tel: 01469 561281, email ian@madvideo.demon.co.uk) will be attending the event as official video photographer.

MSA ENGLISH RALLY CHAMPIONSHIP

- ◆ **CLASS BASED** Championship with Champions from any class
- ◆ **7 of the best 'English' forest stage rallies** - 5 scores to count
- ◆ **5 Classes** to give maximum opportunity

Forest Rallying at the lowest cost

BTRDA® Rally First runs on 7 forest rallies - best 5 scores to count

- An opportunity for existing crews to still compete at an affordable level
- Lower cost entry point to forest rallying for the new / younger competitor
- Wide choice of new or existing small engined, inexpensive and available cars
- **Rally First** crews will receive **£50 reduction on all event entry fees**
- Cars are 'standard spec' + stage rally safety, with only minor mods so preparation and running costs will be minimised
- The cost of hiring an eligible car will also be reduced ➤ Classes for up to 1000cc and 1400cc
